

BRITISH COLUMBIA

"I shall be in '7th Heaven' on this visit to the awesome Vancouver Island as it's my seventh year here and one of my all time favourite places. Each tour always produces something new and different for me, which is testament to how wildlife-rich this gorgeous place is – just get me there..." Julian Sykes

 Price £4,945
 Deposit £950 Single Supp £900

Leaders Julian Sykes and Darren Rees
 Flights Air Canada, scheduled
 Outbound: Morning, Heathrow-Vancouver
 Inbound: Overnight, Vancouver-Heathrow

Weather It varies across the island, with wetter conditions in the west around Tofino and Zeballos, drier on the east coast. Expect some rain (we sometimes have rain for a whole day or more) and fog is possible in the west, but generally warm and sunny with mild conditions (14°-22°C)

Walking There'll be some short easy walks on wide tracks in the forest, in some places with lots of steps. Nothing steep or strenuous, but a reasonable degree of fitness is required

Meals All included from dinner on Day 1 to lunch on Day 13

Insects Biting insects are generally not a problem on Vancouver Island, but repellent is a good idea just in case

Boat trips Boats vary from larger boats with indoor seating areas that can hold over 50 people, to smaller uncovered boats with no facilities. Sometimes the groups may be split between two boats each with a guide. All boats are excellent

Accom Double, twin and single rooms all ensuite
 Last room booked will stay at Dolphin Motel in Tofino

Group 12

Just some of what we hope to see:

Grizzly Bear	Humpback Whale
Dall's Porpoise	Heermann's Gull
Black Bear	Orca
Black Oystercatcher	Rhinoceros Auklet
Sea Otter	Gray Whale
Black Turnstone	Marbled Murrelet

On Canada's rugged west coast, Vancouver Island awaits – brimming with bears, birds, whales and more, as they seize the autumn bounty before the winter closes in.

- Boat trips in search of Orcas, Humpbacks and Gray Whales
- Grizzly Bears hunting salmon on spawning grounds
- Dall's Porpoise, Steller's Sea Lions plus, with luck, Pacific White-sided Dolphin
- Black Bear, Beaver, Sea Otter and chance of Raccoon
- West Coast special birds including shorebirds, seabirds, divers and scoters
- Beautiful Pacific Rim Rainforest and famous Long Beach
- Stunning scenery of lakes, fjords and forests, amidst towering mountains

1-2 Arriving in Vancouver we transfer to our hotel in Delta. The following day we enjoy a full day at George C. Reifel Bird Sanctuary, where Sandhill Crane, Wood Duck, dowitchers and yellowlegs, Red-winged Blackbird, Northern Harrier and Lincoln's Sparrow are all possible. It is a fabulous and very productive place.

Late afternoon, if time allows, we may take a walk along Boundary Bay looking for more shorebirds. This whole area can be great birding and may prove to be one of the most bird rich days of the trip!

3-4 After some relaxed birding enroute to the Nanaimo ferry for shorebirds, gulls and scoters, we board the ferry and check the jetties for Black Turnstone and perhaps Surf-bird. We then have a long drive north to our ocean front lodge overlooking Johnstone Strait.

The grounds are a haven for wildlife and we have watched Black Bears turning rocks on the shore here and, with luck, even River Otter and Raccoons. We can relax, or wander in search of White-crowned and Fox Sparrows, warblers and woodpeckers in the surrounding woodland.

We shall be picked up from the jetty for a boat ride into rich waters covered in gulls, Common and Pigeon Guillemots, Rhinoceros Auklets and dainty Red-necked Phalaropes. Watched by tree top Bald Eagles, this is our best chance for Orcas and we hope to encounter resident groups at close quarters! Dall's Porpoise and Steller's Sea Lions are here too and, with luck, Pacific White-sided Dolphins. Even if we don't see Orcas, we'll be thrilled by great sightings of Humpback Whales!

"Forget Grizzly Bears gorging on salmon in glacial rivers; a pod of Orca surfacing alongside the boat; Humpback Whales breaching through rafts of seabirds. Forget the mind-blowing scenery of the Canadian fjords; or watching incredibly cute Sea Otters in the mighty Pacific Ocean; this will be my first tour with Darren Rees – what a combination!" Julian Sykes

5-6 We move on to Zeballos on a scenic west coast inlet, an old Gold-rush village where Cedar Waxwing, Steller's Jays and migrant warblers such as Wilson's and Yellow-rumped are possible and we hope to find Beavers on a nearby pond. Sea Otters have a good population in this area and we'll explore the beautiful inlets and rocky shorelines by boat to enjoy great views, as they lie on their backs and smash shellfish on a stone on their belly! Black Bears are also possible along the shoreline, turning over boulders as they search for crabs.

7-9 After breakfast we head for Campbell River, a great area for birding, with shorebirds, Harlequin Duck, Bonaparte's Gull, grebes and divers, plus Red-breasted Sapsucker in the trees. We'll also visit the sub-alpine forest of Mount Washington in search of tame Gray Jay, Ruby-crowned Kinglet, woodpeckers and more.

There is lots to see, but we'll tear ourselves away because there's the lure of Grizzly Bears! We'll have a full-day boat trip to a picturesque inlet, where guides will take us to a purpose built viewing platform. We hope for great close up views as the bears walk the banks, or down the middle of the river, scanning the water for any hint of a fish to chase - then it's a mad dash, with the occasional bear even being successful!

10-11 It is a long and spectacular drive to Tofino on the west coast. We'll break the journey, pausing to enjoy the astonishing trees of Cathedral Grove enroute and visit

a beautiful river to watch Chinook Salmon migrate upstream and leap the falls! From our hotel near Tofino we'll visit Pacific Rim National Park - lush temperate rainforest, with cushions of moss on branches of towering Hemlocks, vast beaches and the ocean stretching off as far as the eye can see.

The forest can be quiet with Pacific Wren, Steller's Jay and Chestnut-backed Chickadees often the only birds, but it is beautiful and well worth the visit! The beaches may hold flocks of Western Sandpipers, while offshore are Red-necked Grebes, Surf Scoter, Pacific Loons and Marbled Murrelet, with Bald Eagles overhead.

We'll go whale-watching too, taking a boat trip into Clayoquot Sound, looking for Gray Whales, or Humpbacks if the last Gray Whales have left. Amidst the maze of rocky islets, there'll be Harbour Seals and huge Steller's Sea Lions, plus Brandt's and Pelagic Cormorants, Heermann's Gull, Rhinoceros Auklet and Pigeon Guillemots and we'll check rocky islands for Wandering Tattler and Black Oystercatcher.

12-14 We head back to Vancouver, where we overnight in Delta again. On the following day we visit the huge area of Boundary Bay again, before dragging ourselves away for our flight home, arriving in London on Day 14.
